## - WIA Title I-B Workforce Service Areas -

Programs conducted under WIA Title I-B provide services to youth, adults and dislocated workers who need assistance to fully participate in the labor force.

For youth, programs provide year-round employment and training. The programs increase youth long-term employability by enhancing educational, occupational, and citizenship skills. Youth programs are designed to encourage high school completion, reduce welfare dependency and assist in making successful transitions from school to work, apprenticeships, the military or post-secondary training.

For adults and dislocated workers, the programs provide job training and other services resulting in increased employment and earnings. Among the services provided to adults and dislocated workers are: classroom training, on-the-job training, vocational and personal counseling, labor market information dissemination, and assessment.
